entrance they created a strong visual impact, to help convince any undecided members of the public to enter. At the far end of the hall, where CTV was set up, there was another area of striking displays which provided an impressive backdrop for TV viewers. Adjacent to the CTV filming area, Barry and Sarah assembled a dozen or so metres of members' items from the 1906-7 Christchurch Exhibition . Many of these items will be illustrated in the forthcoming book commemorating the event. Many thanks to Barry and Sarah for operating this display and answering the many questions from an interested public.

On Saturday night there was a great turn out for a meal and a natter at the nearby Hoon Hay 88 restaurant; the evening received good feedback from out of town visitors and provided a good opportunity to catch up with members from other Clubs.

The second day of a Show is traditionally quieter than the first. However, Sunday was as busy as Saturday, due to the many members of the public arriving with items for the CTV Roadshow. Many of them spent time looking at the displays as well as checking out the sales tables. Because of this, most sales tables reported very brisk trade over both days. More than 2,000 members of the public attended the Show. CTV managed to film sufficient footage for three half hour programmes; many varied and unusual items were brought and they were very pleased with the day.

The Show involved a lot of organising, especially on the Saturday. Many thanks to all involved, including all the 'experts' from our Club, as well as other clubs for taking the time to help out. Thanks also to everyone who helped with setting up and dismantling the hall, assisting with the auction, working on the door, and providing security, etc. Without all this assistance the Show wouldn't have been the great success it was.

A reminder: if you don't yet have a copy of the Roadshow DVD of the three programmes, contact Steve before they are all sold. CTV specifically made and supplied these to our Club for us to sell.
